- **#1.** A Parody Synopsis at <https://twitter.com/GildredTom> (Tom Gildred astoundingly bruised ego). In response to TG's efforts to support wife's mad ideas and attorneys "Story Catch & Kill" strategy.
- **#2.** Post 1: A timeline of evidentiary circumstances accelerates an aggressive stretch of insinuations across states both California San Diego & New York City. The Gildred couple extracted a summary of sundry moments predetermined by a psychotic prescription prescribed by Mrs. Gildred's divorcée a debunk Psychiatrist Dr. Manuel Orlando Garcia.
- **#3.** Jealousy is the retort #1, that threatens to kill: Mrs. Gildred's mindset to defuse anger in Mr. Tom Gildred for her infidelity is settled as Tom's perfect Adult Mental Afluenza status cannot be ridiculed.
- **#4.** Jealousy the retort #2 threatens to kill: Mrs. Gildred, Attorneys Jennifer Bogue, and Seth Alan Rafkin introduced plans for a frivolous lawsuit in the New York Supreme Court naming Michael Foster as the predator for the exact crime in Torts the Gilred's are about to pursue. Michael Foster is poor, penniless, broke but ambitious. He's honest, courteous, a disciplinarian, brilliant and sophisticated. ([Facebook.com/MichaelTango](https://www.facebook.com/MichaelTango)).
- **#5. Tom Gildred crumbled:** Instead of hiring a private investigator or kicking her and her attorneys to the curb, Mr. Gildred went with buckling knees as he crumbled in his emotional digress as the San Diego Gildred Namse degradation was enough to equate to garner Tom Gildred's full corporation in heart and monetary compensations.
- **#6.** At first Tom suggested an apology from the Couple to Michael will do. Instead attorneys, Mr. & Mrs. Gildred decided rather to trash the x-lover and all his business efforts <https://FostersNet.com> etc.
- **#7.** They then passionately Over-Planned: Over months & months targeting the x-lover in efforts to confirm his predetermined mental diagnosis.
- **#8.** As a backup with the help of attorneys in New York and California Mr. & Mrs. Gildred further created 2 false criminal police reports - falsely stating they feared for their lives & of death threats, harassments and stalking from the x-Tango lover who (**They Were SURE**) had plans to return to the couple's San Diego home.
- **#9.** Mr. & Mrs. Gildred used parties known to be rivals to the x tango lover and others who are friends to Mrs. Gildred as they promoted defamation and inflicted severe emotional distress privately & publicly on Mr. Foster.
- **#10.** The San Diego Gildred Couple then launch a non-substantive Civil Lawsuit in the State of New York. "Gildred v Foster" 153554/2017 to which they gleefully up-played all of their lies including their false police reports.
As Seth Rafkin ([Rafkinesq.com](https://www.Rafkinesq.com)) and Jennifer Bogue the couple's attorney aligned

their careers and Cooley Law School legal legacy with the frivolous lawsuit. But things did not went thoroughly as the Gildred's or its attorneys sought. (Rafkin is a legal favorite of Tom Gildred in "Emerald Textiles vs Angelica Textiles"). Both are Cooley law partners. The frivolous lawsuit seeks monetary compensation in favor of the Gildred's in the amount of \$250,000.00 from their poor, mentally insane x-tango lover.

In summary,

In June of 2016 Mrs. Gildred Carolina approach Michael Foster owner of Foster's Economical Services Co. 1992 Inc. FostersNet.com, also a TANGO Dance Instructor/Professional 20+ Years NYC. A single male who Mrs. Gildred have known for many, many years prior to her marriage to Tom Gildred. Her ideas lead to several 1st-class trips to San Diego Paid in full c/o Mrs. Gildred. Luxury hotel accommodations were included. The Mr. & Mrs. Gildred's infidelity story Catch & Kill method according to our sources was introduced by attorneys *Seth Alan Rafkin, Jennifer Bogue (RafkinEsq.com*)*.

The San Diego Couple's Anger and Tantrum Emotions netted a series of unexpected non-criminal reactions from Mr. Michael Foster. As the couple's anger grew stronger in retaliatory efforts their pursuit of a frivolous New York Supreme Court Lawsuit fell apart. Their false (NYC/CA) police reports garnered NO RESPONSE. A fake psychiatric diagnosis letter (Redacted: in Court filings Dr. Manuel Orlando Garcia Who's also Mrs. Gildred's x-Husband) was what it was. In simple a bogus mental diagnosis. Of each and all of which envelope an onslaught of constructive privacy invasive conduct stretching from the couple's home base of Las Ventanas Del Mar San Diego to the City of New York to destruct and place into array the life of a known Tango Instructor and young aspiring entrepreneur.

Atempts to Blackmail Mr. Foster by contacting old colleagues: *Joan Snitzer A professor at Bernard College* Paul & John Pellicoro former DanceSport Owners** and others joined to produce disparaging emails, newsletters in secret FB and other social media platforms. It was the certain prerequisite connected to a Mr. Michael Foster predetermined mental status. At worse though was the invasions of Mr. Foster's privacies as it became infused with chitty-chatter to suppressed Landlords, colleagues and Michael's business clients to resist favor doing business etc, and to provided reports and updates on Mr. Foster's whereabouts to the Gildred's or their attorneys Seth Rafkin and Jennifer Bogue.

Mr. Foster was followed by strangers and acquaintance multiple times and allegedly stalked by professional actors who unseemly had interest in Mr. Foster's personal lifestyle, workability and general character.

CarolinaGildred.com simply describes the Couple's insistent madness. Its content never intended to defame anyone neither will it ever state anything outside of what the Gildred's have done to Mr. Michael Foster and Mr. Foster's overall experience with Mr. & Mrs Tom Gildred. The Gildred Couple have accumulated a vexation in alignment with the Gildred Evil Money*. To that which equates to insistent contempt for authority as in the Gildred Tom exact words: *Every Authority Have A Price**.
