Sources to the time of this news release locations townships, Del Mar, Rancho Santa Fe, Manhattan NYC, Scarsdale NY, Carlsbad and La Jolla San Diego. Officials of relative concern have been provided with a copy of this Press Release update. In an effort to keep all our readers updated and properly informed, as well as protecting our business from wrongful accusation or fake news reporting, included here as a precautionary measure are the newly updates with a brief disclosure of the factual status of the news, point by point in order of priority that have been proven.

In May, 2016 Mrs. Gildred Carolina approached Mr. Michael Foster owner of Foster's Economical Services Co. 1992 Inc. FostersNet.com, likewise a Rock Dance Coach. An unmarried guy who Mrs. Gildred has known for many, many years prior her marriage to Mr. Gildred.

Mrs. Gildred ideas point to several trips to San Diego, CA. Paid in detailed by Mrs. Gildred includes round trip 1st class airfare accompanied with luxury accommodations at hotels in Del Mar and La Jolla, and one Escondido Lodge. The content Metadata found across the World Wide Web and on sites CarolinaGildred.com & TomGildred.info etc., began propagating throughout the metaverse as Gildred made public disclosures in documents of a lawsuit in The New York Supreme Court to which named Mr. Foster as the Defendant in Gildred V Foster 153554/2017. No previous metadata passed as responsive instrument to match the Gildred's statements to news payper writers at The San Diego Reader, New York Post and The New York Daily News, all of whom syndicated Gildred's lawsuit claims in official reports to a hosts of online international media.

Contrary to Gildred's argument by Carlsbad based attorney's Seth Alan Rafkin and Jennifer Bogue. CarolinaGildred.com and TomGildred.info was never a content smear, nor were the urls found in web results circulation prior to the Gildred's lawsuit and publicity campaign. The websites TomGildred.info, twitter.com/GildredTom and CarolinaGildred.com establish population across the internet as retroactive content consistent to claims known only to the Gildred San Diego Circle. The website further included content related to the xlover's comprehensive struggles in response to the Gildred's lawsuit and claims of Gildred's allege paid for in and out of court campaign of tacit harassment tactics. The allege harassment includes 10's of thousands of spam calls to Foster's business lines and personal cell phone. Turns out Gildred's approach was to inundate their lawsuit defendant to a state of insanity and if not the Gildred's tactics would be too much and too crazy to report. So we have only listed the spam calls harassment .

"Its common sense even the worse call spammers know who to call when selling car insurances"

It is in our opinion: The Gildred Couple of Rancho Santa Fe generated an impetus driven by compensations with a PRISM predisposed for unjust attacks to Michael Foster to whom to the Gildred's are a prey. Their conduct is with no abhorrence for the expense those attacks entails.

#1. A Parody Synopsis at <https://twitter.com/GildredTom> (Tom Gildred: a stunningly bruised ego).

#2. Post above 1: Gildred establishes a timetable of evidentiary circumstances - to cover up an overestimate in the Mr.s Gildred adultery and to develop an accelerated aggressive stretch across states San Diego California & New York City Metropolis. By the Gildred's own documents found in the lawsuit files. Gildred's captivation of sundry moments are noticeable in a psychotic prescription courtesy of Mrs. Gildred's divorcee. A debunk NY Psychiatrist in Dr. Manuel Orlando Garcia of Scarsdale, NY. (Admitted to sleeping with psychiatry patients).

#3. Resentment is the repartee - choice #1: Mrs. Gildred's mentality to defuse monetary value in husband Tom Gildred is uncovered as Tom Gildred's esteemed San Diego personality perspective cannot be mocked by an x-Tango lover in Mr. Michael Foster.

#4. Jealousy the retort - choice #2: Mrs. Gildred and their Attorneys Jennifer Bogue, Seth Alan Rafkin picked out an original solution in Michael Foster. Who at the time became impoverished as result of unknown harassment by the Gildreds. But he remained bold, conscientious, civil, intense and practical until he was surprised at the Gildred's lawsuit. ([Facebook.com/MichaelTango](https://www.facebook.com/MichaelTango)). The Gildred's lawsuit menu came with also a prepared attorney to their Defendant. A shocked Mr. Foster attempts to re-calibrate in answers acting Prose to Gildred's claims. After all, She flew Mr. Foster 1st class several times SAN/NYC Del Mar near their Las Ventanas home to do the gratifying and peppery Hot Tango at poolside, in their garage, their masterbedroom, their kitchen & back office as Honcho Tom Gildred peeks-on, unwittingly from concealed regions near their Las Ventanas Circle home.

#5. Then the wife's idea worked as persuading jealousy enough Gildred Tom her husband: but instead of retaining a secret investigator, Rancho Santa Fe's Tom Gildred. Instead of kicking her to the curb? Mr. Gildred fell with buckling knees and crumbled in emotional digress. A first marriage. Rancho Santa Fe's Tom Gildred was still in love, fresh out of a marriage only months young. So as any good loving husband would do, the San Diego name Gildred was sufficient to equate to much of a Gildred status or dignity and money was not an object. Mr. Gildred almost erred in their plans as at one point simply wanted to apologize to the lover. Gildred wanted to do this in person when back in NYC. But Mrs. Gildred persuaded Tom not to do so and further admitted the said in a telephone conversation with Mr. Foster in one of her attempts to maintain love & harmony - Both Sides.

#6. A confession from the Couple to Mr. Foster won't do says wife Carolina. Instead, with they both decided to trash him.

It was the Gildred IIED & Defamation reverse psychological strategy in: "THE HOW-TO" Clear? Their name of a Matrimonial Infidelity which was yet at that time a Rancho Santa Fe family PRIVATE issue. As it were, but the Tango instructor was already distraught and if continued in less than months (Emotional-Erotomania), a pending mad-fellow) financed by Gildred, its attorneys, a few pay-per reporters, a corrupt psychiatrists, a false Gildred police report and Mr. Foster in NYC hadn't gotten a clue while their FRAMED plans were accelerating in motion.

#7. Together, the Couple passionately Over-Prepared: Over months & months targeting the x-suitor in attempts to assure a fixed mental conclusion. Once enough implied to have carried out, as it was relatively sure. The Gildred's have successfully created a schizophrenic guy, established in the Tango NYC x-lover.

"Tom Gildred's background includes the likes of a CPA. Their calculations went on to include"

#8. As a backup thanks to attorneys in New York and California, Mr. & Mrs. Gildred created a fraudulent criminal police report - of dreaded concerns for their lives & of death risks, double murder suicide and of harassment and stalking from the x-Tango lover who Tom & Carolina were sure had had arrangements in place to return to San Diego and could subject the Gildred husband and wife life threatening harm.

"During Gildred's creations, alternately back in NYC Mr. Foster"

#9. Mr. & Mrs. Gildred used parties admitted to be rivals to the x tango sweetheart and partners to Mrs. Gildred to promote their defamation and infliction of serious emotional distress privately & publicly. Using their dishonest police records to spread rumors in NY & CA along with their fake Psychiatric letter illustrating Mr. Foster's Mental Diagnosis by expert Documents prepared by Tom Gildred's wife x-husband Dr. Manuel Orlando Garcia.

"The Rancho Santa Fe Gildred Matrimonial Debacle is not near over"

Like two peas in a pod - they're in too deep - and though their story is clear mismanaged?

#10. The San Diego Gildred Couple: Carolina and Tom Gildred then inaugurate a Civil Action in the State of New York. "Gildred v Foster" 153554/2017 to which Gildred gleefully up-gamed. Selling their stories to the New York Daily News, the San Diego Reader and The New York Post reporters Julia K. Marsh & Rexton Brown.

Seth Alan Rafkin (<https://rafkinesq.com>) and Jennifer McGuire Bogue then aligned a legal legacy with Mr. & Mrs Gildred. Rafkin is a contractual favorite of Tom Gildred in "Emerald Textiles vs Angelica Textiles" at Cooley law partners in legal filings naming Michael Foster as defendant in the New York Supreme Court.

Their frivolous lawsuit seeks financial rewards in praise of the Gildred's in a price tag of \$250,000.00 to be drawn from a miserable, mentally insane, broke x-tango lover.

MichaelTango.com.

To support Michael Foster in a fight to his integrity in a CA State Counter Lawsuit against Mr. & Mrs Gildred et al, and to close a chapter in the Gildred Frivolousness in a Gildred Catch & Kill matrimonial infidelity. A private family issue, which became public by Mr. & Mrs. Carolina Gildred too froward a thinking. <https://CarolinaGildred.com> <https://TomGildred.info> meets the Gildred Matrimonial Identification retraction unfortunately exactly the opposite as the Gildred had planned - as contents found on these websites are 100% accurately aligned with the Mr. Tom & Carolina Gildred overly ambitious IIED & Defamation reverse indignation.

By conclusion to this Press Release Report:

<https://DanceWithMe.org> was also Michael & Mrs Carolina Gildred creation as reflective of Mrs. Gildred son Bryant Castillo who's diagnosed with an assertive medical disability. Mr. Foster is not irresponsible. The facts in alignment with Tom & Carolina Gildred of Rancho Santa Fe and the couple's ability to pay for a story to be written their ways are inherently ascribed indefinitely as insidious because they are FACTS, and facts are the Facts.

Finally: Your help by transcribing to the press release will help Michael to live his life, love for family and dance, out side of the ignorance of Tom & Carolina Gildred in their public matrimonial debacle. Please give Michael a fighting chance and an opportunity to confront the couples ongoing irresponsible manifestations.
